EXT. YARD - DAY

DMITRY and DONOVON are fighting. DONOVON blocks some of DMITRY's blows but takes a punch to the face. They fight some more, DMITRY clearly winning until DONOVON is knocked down.

DMITRY
Foolish CIA. You should know better
then to antagonize the Bratva.

DONOVON wipes some blood off his face.

DONOVON
I think since you're the crime
group you're the one's
antagonizing.

DMITRY
This is what I talk about. Instead
of just accepting defeat, you have
to keep talking.

DMITRY pulls out a gun with a suppressor. He checks it and then points it at DONOVON.

DONOVON
Well? What are you waiting for?

DMITRY
Nothing.

DMITRY fires the gun. There is a loud gunshot sound and DMITRY yelps and drops the gun. The bullet goes through DONOVON's right shoulder.

DONOVON
What, never fire a gun before?

DMITRY
I have, but I was not expecting
loud noise, I put silencer on end
of barrel. Must have malfunctioned.

DMITRY picks the gun back up and fiddles with the suppressor. He then re-aims the gun and fires it. Once again there is a loud gunshot and he drops the gun with a grunt. The bullet goes through DONOVON's right leg.

DMITRY (CONT'D)
I don't understand problem.

DONOVON
Look, either kill me or miss me
entirely, this is starting to hurt.

DMITRY
American, what is problem with gun?

DONOVON massages his right shoulder.

DONOVON
Seems to be working fine to me.

DMITRY
Why does it makes loud noise?

DONOVON
Because of the explosion when you
fire the gun which is what propels
the bullet forward.

DMITRY
Don't get smart.

DONOVON
I love that show.

DMITRY
Why is silencer not working? Did
your CIA friends switch it out?

DONOVON
I wish. If we had done that we'd
have replaced it with a fake gun.
But I think your problem is that
that's a suppressor.

DMITRY
It is what?

DONOVON
A suppressor. It lowers the decibel
output of the gun just enough that
you don't have to wear hearing
protection.

DMITRY
What, it doesn't silence gun like
in American action film?

DONOVON
You get your info from action
films?

DMITRY
What, where do you get yours?

DONOVON
CIA training.

DMITRY

And you think you're better than me?

DONOVON

In every conceivable way.

DMITRY

I beat you in a fair hand to hand fight.

DONOVON

Would we call it fair? You're a foot taller than me and you attacked me from behind unprovoked.

DMITRY

You're CIA. That's provocation.

DONOVON

You're Russian Mafia. That's pathetic.

DMITRY

I'm going to kill you now.

DMITRY picks up the gun.

DONOVON

Honestly I hope you succeed this time because I don't know that I can stand having a third bullet in me.

DMITRY fires the gun, this time not dropping it. The bullet goes through DONOVON's left hand which is currently holding his right shoulder.

DONOVON (CONT'D)

Are you kidding me?

DMITRY lowers the gun.

DONOVON (CONT'D)

Oh I get it, it's not that you were startled the last two times, you're just a lousy shot.

DMITRY

I haven't had time to practice lately, I've been busy collecting debts, breaking thumbs and drinking vodka.

DONOVON

You have the most generic pastimes
that I could ever guess.

DMITRY

You're one to talk! You probably
spend your weekends either playing
or watching American football!

DONOVON

Actually I'm more of a CS:GO
person.

DMITRY fires the gun eight times at DONOVON.

DMITRY

Call of Duty is best.

DONOVON has multiple bullet holes in his chest but is still
alive.

DONOVON

How have you not hit anything
vital? With that many shots I could
have taken out the entire Bratva
along with the Italian Mob and any
other crime syndicate I can think
of.

DMITRY fires once more and hits DONOVON in the head, this
time killing him.

DMITRY

It's like my father always said. It
doesn't matter how many times you
miss; what counts is the one that
hits. That was probably also the
philosophy of the man who killed
him.

There's a shot of DONOVON dead.

DMITRY (CONT'D)

But you are now dead, so you can't
hear this and I am now talking to
myself.

There's another shot of DONOVON.

DMITRY (CONT'D)

Well, the game will be on soon,
Demyan can clean up the body.
