EXT. STARTING AREA - MORNING

MATTHEW and THOMAS spawn in.

MATTHEW

So, when do we fight a boss?

THOMAS

We just spawned in, we need to gather resources and make a base first.

MATTHEW

Well that shouldn't be too hard. I can do that pretty quickly in Minecraft and it has three dimensions, whereas this game only has two, so it'll be a lot easier.

THOMAS

I don't really agree with your logic, if it can be called that, but I like your enthusiasm.

INT. HOUSE AT SPAWN - LATER

MATTHEW and THOMAS are standing in the house.

MATTHEW

Boss fight time.

THOMAS

Hold on, there's a lot more to do first. We need to start mining.

MATTHEW

Why?

THOMAS

Would you fight the ender dragon with your starting gear?

MATTHEW

Ah, I understand your reasoning because you likened it to a situation in another game that I have played. But I wanna kill stuff.

THOMAS

Fine, you can go outside and kill some slimes while I mine.

INT. HOUSE AT SPAWN - LATER

MATTHEW is standing. THOMAS enters.

MATTHEW

Did you get everything you need?

THOMAS

Well, for now at least- where did you get that gear?

MATTHEW

From a merchant. He moved in next door. We have a next door now too.

THOMAS

When did you do all this?

MATTHEW

While you were in the mine. Can we summon a boss now?

THOMAS

Well, the gear you have is okay, but I think we need to-

MATTHEW

It says we need a suspicious looking eye.

THOMAS

Yes, and that will take time to-

MATTHEW

Good thing I already found one.

MATTHEW pulls out "suspicious looking eye".

THOMAS

How? Where did you find that?

MATTHEW

In a cave. Or a tree. Might have come from a slime, I dunno. I killed like two thousand of those. How do you activate this thing?

THOMAS

You left click, but don't do it now, or-

MATTHEW

Too late.

Beat.

THOMAS

Well, you're on your own.

THOMAS goes back into the mine.

INT. HOUSE AT SPAWN - LATER

THOMAS exits the mine. He sees a skeleton on the ground.
MATTHEW comes up behind him.

MATTHEW

You like it? I got it after I beat
Cthulhu.

THOMAS

That's it. I give up. You can do
whatever you want, I'm going to go
play Stardew Valley some more.
